# ANALYZER 2 EDUCATIONAL LICENSE

## About the Analyzer 2 Educational License

- One of our goals has always been to help the neuroscience community through educational activities.
- Brain Vision Analyzer 2 is a great tool to teach your students.
- The Analyzer 2 Educational License is intended to be granted to any of our Analyzer 2 users who organize an educational with Analyzer 2.

## What we expect / How to apply

- Make sure you comply with the Conditions & Limitations (see www.brainvision.com)
- We expect that your educational event has a reasonable proficiency level and is supported by appropriate scientific expertise.
- Apply at www.brainvision.com

## What you get

- If your application is approved by Brain Vision and an Analyzer 2 Educational License is granted, you will receive the materials you chose when applying.
- Always included are: a free Analyzer 2 network license, full access to all software features and support service from our experts.

## Renewal option for future educational events

- The Analyzer 2 network dongle stays with you even after the event. When organizing further events simply complete the application form again and select a renewal package to have your Educational License reactivated.
